

Adopt a Bat!

ADOPTIONS & DONATIONS HELP US COVER THE COST OF

Rearing Orphans

Baby flying-foxes are seasonal, usually arriving October to January. Some seasons we rear and release between 70-100 babies. It costs approximately \$100 for food and supplies to raise each orphan.

Rehabilitating Injured Juveniles & Adults

Injured flying-foxes require care throughout the whole year. Costs include food, medications and transportation.

Education/Display Bats

Phoebe and Bonnie (Bat Rescue's education flying-foxes) cost a lot for annual upkeep – with a life expectancy of between 15-20 years!

DONATIONS OF \$2 OR MORE ARE TAX DEDUCTIBLE

Adoption/donations of any amount is most appreciated!

SUPPORTERS RECEIVE:

- An individually written profile and rescue history of your adopted bat
- An update of the bat's progress during the season
- A certificate when the bat is released
- An invitation to name your bat (if you donated \$60 or more)
- A warm, fuzzy feeling for helping a good cause!

GIFT CERTIFICATES

are available all throughout the year. Orphan adoption documents will be sent to the recipient when the baby arrives into care.
